By this time most all amateurs of Stark Co have received a copy of our 1962 Ham directory. Our final count was 398, however we know of several new calls that will put us over the 400 mark again.

Many hours went into the compiling and editing of this publication by club members. Again we would like to say thanks to Walkeradio and Rob Roy Graphic Arts, without them a directory of this type would be out of the question.

Errors: yes, several have showed up so far. Mostly in the phone numbers. We will attempt to give you the corrections as they are brought to our attention. Keep your directory up to date, by correcting errors and recording the new calls on the blank pages.

All QCWA members have just received a copy of the QCWA 1961/1962 year book. A directory of all members, plus a copy of the constitution and by-laws. A very fine publication. So how about getting a few more old goats signed up, that has been in the ham game 25 years or longer.?

Offical Bulletin Nr 855 From ARRL Hdq, July 6.1962

FCC has denied a petition from W8ESC seeking a change in rules to permit Technician class operation on the amateur ten meter band.The commission order points that adoption of this proposal would not fit the concept of the Technician licensee as a VHF experimenter.

Ray Hoyle W8UNE now has the HBR-16 completed and in the cabinet, Ray says it works FB, with DX a plenty.

Carmella Cicerello W8NAL is sporting a new TA-33-Jr, guess the old DX bug came along with the Japanese beetles.

Ben and Ann Hughes (W8GAB/W8FMW) have just returned from a fishing vacation in Canada and as usual Ann caught the big one.

Mt Pleasant hamfest was July 15, three members of the Night Crawlers Net and their XYL's payed a visit to the QTH of Bill Parks K8JZN. They were Mac K3DAK of Grove City Pa, Paul K3KSC of Jackson Center Pa and Frank K3CWU of Sharon Pa. Rounding out the gathering were Bob Shorb W8KBR and Dick Bowman K8QZL.

The Night Crawler Net meet each wednesday night at 10:00 PM on 29.488.

Eugene Arnald W8YAB and xyl FLO went skunk hunting on their vacation to the smokey mountains, but failed to get sprayed, I tink. Had a wonderful time tho.

Charles Rex K8MZS and xyl Shirley K8MZT will be takeing an extended vacation this fall to upper New York and the new England states, working trailer mobile. Have you seen the Jet Fire tractor Chuck has to motivate that trailer with?. Happy motoring to the Rex's on their vacation.

Ike Heiks K8YLK is also vacationing in Canada, if he dont catch the big one, I bet he comes back with a big story.
